

# Grief Recovery

***If you have ever asked yourself the question  
 "What more could I have done for my  
 Community Members?" the answer is  
 The Grief Recovery Edu-Therapy Process™***

The Grief Recovery Edu-Therapy Process™ is a systematic program that helps grievors complete the emotional pain and regain control of their lives. It is a proven method for dealing with loss that has been successful for millions of individuals around the world dealing with unresolved grief.

## ***Healing Naturally***

**During the 4-day Certification Training Program, you will learn:**

- Why people intellectualize grief and how that causes them long-term emotional distress
- The six ways people think are the correct ways to handle grief but actually leave grief unresolved
- Why the DABDA Model (Denial, Anger, Bargaining, Depression, Acceptance) is the wrong approach for grievors
- Techniques for identifying and resolving loss
- Communication techniques for every part of the Grief Recovery Edu-Therapy™ program
- The topics that grievors need and want to talk about such as The Residential School experience, and working out the many layers of unresolved grief
- How to talk to children about loss
- Specific formats to work one-on-one with grievors
- How to market your expertise in Grief Recovery Edu-Therapy™
