Imagine *A Career in the North You Love*

Life in Canada's North

Northwestel is a northern telecommunications company that provides innovative Voice, Wireless, TV, Internet, and Business Solutions to more than 110,000 residents in the Yukon, Northwest Territories, Nunavut, and northern British Columbia and Alberta – connecting them with the world. Northwestel employs approximately 600 people in technical, engineering, customer service, sales, accounting, finance, marketing, information systems and human resources capacities. We seek highly motivated, team oriented, customer focused employees. Good interpersonal communication and computer skills are fundamental. A willingness to learn and get involved is absolutely essential.

Current Job Opportunities

Northwestel is continually seeking skilled people in communities throughout our operating area in Northern Canada. We are currently offering the following employment opportunities:

- **Combination Technician (Service Technician – Cable Maintenance Splicer)** located in Fort Nelson, BC
- **Manager, Field Operations** located in Whitehorse, YT
- **Service Desk Technician** located in Yellowknife, NT
- **Network and Access Facilities Analyst** located in Whitehorse, YT or Yellowknife, NT
