It is with great pleasure that the Canadian Council for Aboriginal Business (CCAB) invite you to the launch of a brand NEW Program: The National Certified Aboriginal Business (CAB) Program.

CCAB has been working diligently to develop and deliver a national procurement tool to promote Aboriginal business.

This important Event will provide an opportunity to learn first-hand how the CAB Program will work to increase the number of business interactions between Corporate Canada and Aboriginal Businesses. The CAB Program has been designed to create more bid opportunities on projects in the territories of Aboriginal Communities, and how to grow your business.

This FREE Event will be a great opportunity to network with peers and prospective clients.

## What does it mean to be CAB Certified?

CAB ensures Aboriginal business are easily identified and recognized by industry, government and other organizations that want to do business with Aboriginal communities and people. CAB is designed to not only provide increased private sector procurement opportunities but also to help ensure that value extends to the community level. Certified businesses can also use the designated CAB logo to provide assurance to companies looking to do business with Aboriginal people.
