Edu-Therapy™ Solutions

A Cognitive Behavioural Model For Grief Resolution

Effectively help your Community by learning then creating a culturally sensitive process for dealing with the pain caused by loss

One Solution to One of the Most Painful Issues

Grief is the normal human response to loss. Unfortunately, there is little information on how to resolve the intense conflicting emotions caused by life events. Edu-Therapy™ Grief Resolution is the most current, easy-to-use model that reduces and eliminates intense uncomfortable emotional responses to loss, trauma and abuse. The 4-day **Certification Training** teaches the most effective process that resolves the pain caused by the conflicting emotions of a meaningful loss.

Healing Naturally

Participants will learn:

- The dysfunctional ways people mishandle grief
- How mishandled grief leads to painful conflicting emotions
- Emotional damage caused by rationalization and intellectualization
- Why Denial/Anger/Bargaining/Depression/Acceptance doesn't work
- Unique tools for identifying and resolving loss
- Edu-Therapy™ Process communication techniques
- Edu-Therapy™ Process to enhance relationships
- Edu-Therapy™ Process for individual and group sessions
- Expand your practice or agency using Edu-Therapy™ Process
- Resolve grief and emotional issues of Residential Schools, abuse and trauma

Registration: \$1,995 + Tax

Fee includes all seminar materials, Program Modules and Support Agreement. Special Group Rates for 3 or more; on-site training for 12 or more. Please call for details at 1-866-476-0209.

"Life Changing... When you came to our Community, I thought, 'Here comes another outsider who doesn't get our culture and the issues we face everyday'. Boy was I wrong - It was actually one of the first times I felt like I had been heard. Thank you, I think I'm going to be far more effective in all my relationships." ~ Participant

Choose the Edu-Therapy™ Process

Eric Cline and his team have been providing training, education and treatment over the last 35 years. Edu-Therapy™ provides the most current, effective process for dealing with the pain and conflicting emotions caused by loss. Caregivers need the skills to aid their clients and Community, as well as care for themselves. The "CBT Grief Resolution Process for Healing Hearts" enhances all aspects of relationships - physical, emotional and spiritual. Eric's commitment to research and evidenced-based solutions goes far beyond the short term "feel good" approach other workshops offer. The Program focuses on values and building a foundation for positive mental health and well-being, with a belief that Healthy People create Healthy Communities. Once trained and Certified, participants will be furnished with the most up-to-date materials and information on an ongoing basis.
