Aboriginal Community Outreach and Recruitment Program

The program is based on engaging the Aboriginal community (both in Toronto and throughout the Province) in identifying how we can collaborate with and support their career, employment, training and education initiatives and programs.

It is associated with existing transition and support programs, involving several internal and external partners (within the Aboriginal community, locally and provincially).

Cultural and Traditional

Our Cultural and Traditional Teachings program will compliment, strengthen and support our existing services and programs. We will provide Aboriginal students with the opportunity to spend time with Elders, to receive traditional counselling and support.

As well, we will invite Traditional Teachers from the Aboriginal community, to share indigenous knowledge and traditions, to teach Aboriginal history, culture and protocols.

Peer Support

This dynamic program has Ryerson Aboriginal students who do outreach and provide peer support to Aboriginal student's on-campus. All Aboriginal, Métis and Inuit students are eligible and welcome to participate in the Aboriginal Peer Support program.
