**The Grief Edu-Therapy™ Certification is a unique training program that teaches the specific tools to eliminate the emotional pain of grief. For over 30 years, Eric Cline and his care giving team, have been helping grievers rid themselves of the conflicting emotions and create resolution to their unresolved grief.**

### What is Grief Resolution?

Resolution is the emotional process of reconciling painful conflicting emotions, whether from unresolved grief, trauma, abuse, or many other painful life experiences. After completing the Edu-Therapy™ Process, participants most often report feeling peaceful and ready to move beyond the life limiting effects of unresolved losses.

You will learn:

- Dysfunctional ways people mishandle grief and it's intergenerational effect on Communities
- Emotional damage of rationalization and intellectualization
- Why Denial, Anger, Bargaining, Depression and Acceptance Models are the wrong approach for grievers
- Learn proper techniques for identifying and resolving loss and relationship conflicts
- Edu-Therapy™ Process formats for individual and group work
- How to expand your caregiving agency using the Edu-Therapy™ Process
- How to resolve cumulative unresolved issues such as PTS and the Residential School Experience, abuse and trauma
