- Saskatoon, SK: Nov 20-23, 2015
- Toronto, ON: Dec 4-7, 2015

The Grief Edu-Therapy™ Certification is a unique training program that teaches the specific tools to eliminate the emotional pain of grief. For over 35 years, Eric Cline and his care giving team have been helping grieverers rid themselves of the conflicting emotions and create resolution to their unresolved grief. Edu-Therapy™ provides the most current, effective process for dealing with the pain and conflicting emotions caused by loss. Eric's commitment to research and evidence-based solutions goes far beyond the short term "feel good" approach other workshops offer.

You will learn:

- Dysfunctional ways people mishandle grief and it's intergenerational effect on Communities
- Emotional damage of rationalization and intellectualization
- Why Denial, Anger, Bargaining, Depression and Acceptance Models are the wrong approach for grieverers
- Learn proper techniques for identifying and resolving loss and relationship conflicts
- Edu-Therapy™ Process formats for individual and group work
- How to expand your caregiving agency using the Edu-Therapy™ Process
- How to resolve cumulative unresolved issues such as PTS and the Residential School Experience, abuse and trauma

Already a Certified Edu-Therapy™ Specialist?

Our program evolves, and although we provide you with the most current leader guides at no charge, with any participant workbook orders, a refresher program gives you the opportunity to experience the personal growth component the program offers. This experience, without a doubt, breathes new life and excitement for the program. You also have the opportunity to network with other Certified Specialists and our own Edu-Therapy Trainers. We always allow time for question and answer forums where you can gain valuable insights into program delivery, marketing or general information that will continue to develop your skills as an Edu-Therapy Specialist.
